MARSH CABINETS

MARSH PRODUCT WARRANTY FIVE (5) YEAR LIMITED WARRANTY

Marsh Furniture Company (“Marsh”) warrants to the original user for “Household Use” only as defined below that for a five (5) year term, measured from the date of purchase from Marsh, Marsh will repair or replace any product of Marsh’s manufacture which is defective in material and workmanship. The term “Household Use” shall include use for personal and family purposes as well as in hotel or motel residential short term rental units, but does not apply to other purposes for commercial use. The remedy of repair or replacement (which shall be at the option of Marsh) is the exclusive remedy of the user. Claims for repair or replacement should be submitted to Marsh at P.O. Box 870, High Point, NC, 27261-0870.

It is the nature of wood products to have variations in the grain pattern and wood color. Any surface finish may be affected by exposure to sunlight and other elements as part of the natural aging process. These material variations and changes are not covered by this warranty. Proper care and use are essential to preserving your rights to this Warranty. Marsh will not repair or replace any product if damage is caused by improper use or maintenance such as the use of abrasives or harsh cleaning agents on cabinet surfaces.

Additionally, this warranty does not cover damage to Marsh products from negligence, abuse, normal wear and tear, accidents, trauma, fire, water damage, or other catastrophe, or if a product is routinely subjected to steam or unusually high humidity. Costs related to damages incurred in transit, handling, installation, and all costs related to the transportation, removal or reinstallation of defective Marsh products are not assumed by Marsh under this Warranty.

MARSH MAKES NO IMPLIED WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. THESE AND ALL OTHER IMPLIED WARRANTIES ARE SPECIFICALLY DISCLAIMED. IN NO EVENT WILL MARSH BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES RESULTING FROM ANY CAUSE.

Some states do not allow limitations on how long an implied warranty lasts and some states do not allow an exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

New Items

- Cambridge Maple, Cambridge Cherry
- Atlanta Maple, Atlanta Cherry
- Brunswick Birch, Brunswick Cherry
- Florence Birch, Florence Cherry
- Slate Glaze
- Two-Drawer Bases (D2B's)
- New Riser Molding (STR's)
- Expanded Mullion Door & Glass Door offerings
- Expanded Furniture Apron offerings
- Fairmont Plywood option
- Expanded Filler offerings
- Diagonal Sink cabinets
- Expanded Refrigerator panels
- Expanded SSCM offerings
- Expanded VFD options
- Supply Parts dimensions (found in back sections of this book)

BELWOOD and ARCH BELWOOD

Oak

- 3/4" thick door frame
- Traditional 1/2" overlay
- 2" stiles and rails
- Flat veneer center panel
- Roman arch flat veneer center panel on wall cabinets and Belwood door on base cabinets
- Concealed hinges

Drawers

- 3/4" thick solid front
- Side mounted guides
- Pulls not required

*Base cabinets are not available in Arch style

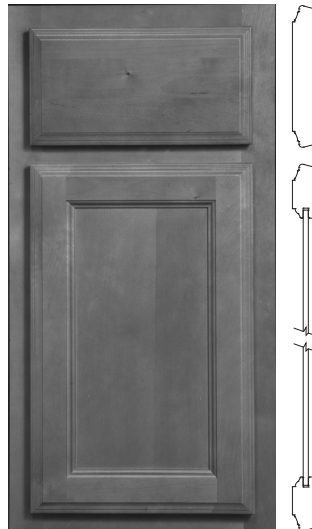

CAMBRIDGE

Oak, Birch, Maple, Cherry

- 3/4" thick door frame
- Traditional 1/2" overlay
- 2" stiles and rails
- Flat veneer center panel
- Concealed hinges

Drawers

- 3/4" thick solid front
- Side mounted guides
- Pulls not required

* Upgrade drawer option available: wood dovetail drawer with Full Extension, Soft Close feature

* See page 0.23 for additional specifications for painted product

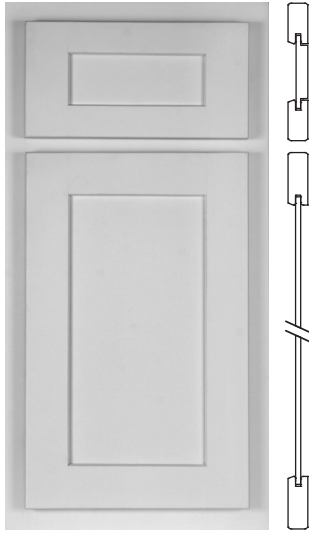

CABINET REFERENCES—Standard Overlay

ATLANTA I

- Birch, Maple, Cherry
- 3/4" thick door frame
 - Traditional 1/2" overlay
 - 2" wide stiles and rails
 - Mortise and tenon construction with flat veneer center panel
 - Concealed hinges

Drawers

- 3/4" thick 5-piece drawer head with flat veneer center panel
- Side mounted guides
- Pulls not required

ATLANTA II

- Birch, Maple, Cherry
- 3/4" thick door frame
 - Traditional 1/2" overlay
 - 2" wide stiles and rails
 - Mortise and tenon construction with flat veneer center panel
 - Concealed hinges

Drawers

- 3/4" thick slab solid drawer head
- Side mounted guides
- Pulls not required

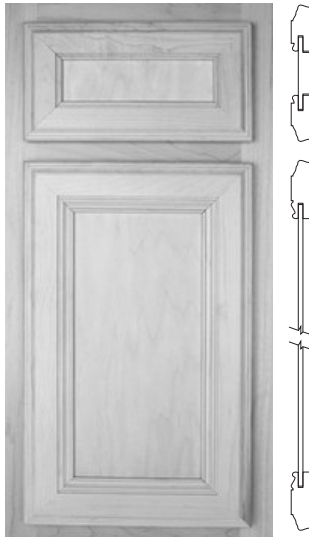

BRUNSWICK I

- Birch, Maple, Cherry
- 3/4" thick solid door frame
 - Traditional 1/2" overlay
 - 2-1/4" stiles and rails
 - Mitered corners
 - Flat veneer center panel
 - Concealed hinges

Drawers

- 3/4" thick solid front
- Side mounted guides
- Pulls not required

BRUNSWICK II

- Birch, Maple, Cherry
- 3/4" thick solid door frame
 - Traditional 1/2" overlay
 - 2-1/4" stiles and rails
 - Mitered corners
 - Flat veneer center panel
 - Concealed hinges

Drawers

- 3/4" thick solid front
- Side mounted guides

JAMESTOWN I

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 2" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick 5-piece solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

JAMESTOWN II

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 2" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick slab solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

* De-selection of wood dovetail drawer with Full Extension, Soft Close feature available
 * See page 0.23 for additional specifications for painted product

CABINET REFERENCES—Full Overlay

CHARLESTON I

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with raised veneer center panel
- 2" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick 5-piece solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

*Drawer Bases and Glass Door Cabinets will read Jamestown I

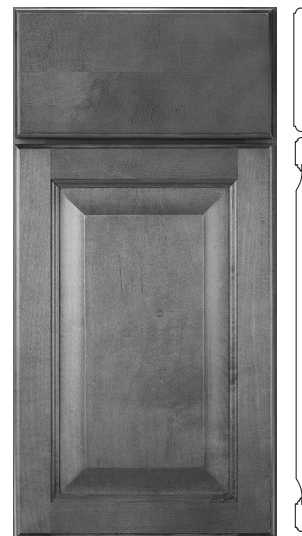

CHARLESTON II

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with raised veneer center panel
- 2" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick slab solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

*Drawer Bases and Glass Door Cabinets will read Jamestown II

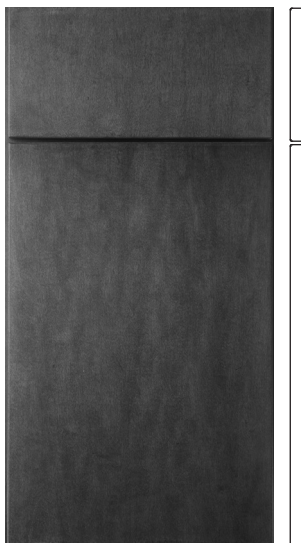

APEX

Maple and Cherry

- Full overlay
- 3/4" thick slab door with veneer surface
- Soft Close hinges

Drawers

- 3/4" thick slab drawer head in veneer
- Undermount, Full Extension Soft Close guides
- Pulls required

*Not available in Mullion and Glass Doors

*Vertical grain matches door and drawer

* De-selection of wood dovetail drawer with Full Extension, Soft Close feature available

* See page 0.23 for additional specifications for painted product

CABINET REFERENCES—Full Overlay

SUMMERFIELD I

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 3" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick 5-piece solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

SUMMERFIELD II

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 3" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick slab solid drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

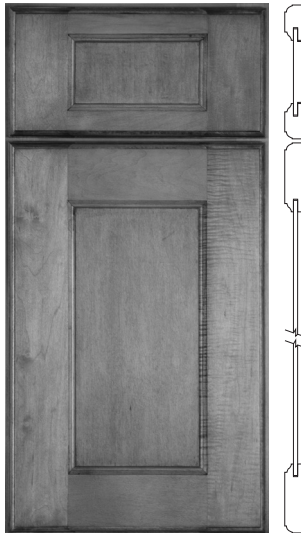

JEFFERSON I

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 3" stiles and rails
- Soft Close hinges

Drawers

- 3/4" thick 5-piece veneer flat panel drawer head
- Undermount, Full Extension Soft Close guides
- Pulls required

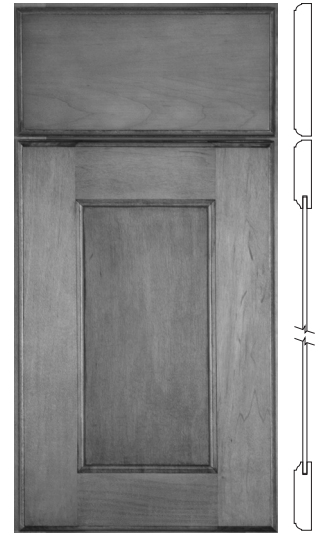

JEFFERSON II

Maple and Cherry

- 3/4" thick solid door frame
- Full overlay
- Mortise and tenon door with flat veneer center panel
- 3" stiles and rails
- Soft Close hinges

Drawers

Marsh Furniture Company offers both solid hardwoods and hardwood veneers in our cabinetry. These natural materials have inherent characteristics such as varying grain pattern, small mineral streaks, knots, and slight color variations. Because of this, our quality standards establish tolerance ranges for matching the wood.

These variations are what create the unique natural beauty of each piece. Additionally, exposure to sunlight, smoke, and other chemical agents can cause wood colors to change over time. You are urged to make final selection of species and finish from a full size door sample.

Cherry is a moderately hard wood, heavy and strong. It is generally a straight grained, uniformly textured wood characterized by its red undertones. Given that, it may range in color from a light to dark reddish brown heartwood with tones from greenish to white sapwood. There is also a natural occurrence of small knots, pitch pockets or wormholes in the surface of the wood. Cherry is well known for its response to artificial and natural light sources, developing a rich and lustrous patina in the colors noted above. These variations are often quite visible with natural or light finishes while appearing less on darker stains, shielding the wood from various light sources.

Maple is a hard and dense wood with a close grain that is relatively subtle in appearance. The grain pattern may vary from a tight vertical pattern to a wild arch-shape. The color range runs from white to yellow and brown. Marsh is very selective in this color range, ensuring the brown portion to have a faint brown tint. Inherently, there are fine honey-colored mineral and sugar streaks. Maple will react to both natural and artificial light sources, taking on a slightly subdued patina. When a light finish is applied, these variations are visible and should not be considered defects.

Oak is an extremely hard wood with an open grain pattern. The pattern may vary from a tight to wide pattern with a coarse texture. In oak's natural state, colors may range from brownish with a red tinge to a light yellow. When a light finish is applied, these variations are visible and should not be considered a defect.

Birch is a medium-hard wood with plain and closed grain. The grain is often characterized as a curly or wavy pattern. It is predominantly a light yellow wood that takes stain very well. When a light finish is applied these variations may be visible and should not be considered a defect. When a dark stain is applied the wavy and curly grain absorbs stain and reflects light in such a manner as to enhance the natural characteristics of the species and should not be considered a defect.

Thermofoil is Medium Density Fiberboard (MDF) covered with a durable thermofoil laminate. The maple wood frame is painted with a white paint to closely match the laminate. You may notice some small seams in the paint at the joints of the cabinetry face frame due to expansion and contraction of the wood. This will not affect the integrity of the cabinet or the finish.

Painted Wood differs from standard finishes. Wood products expand and contract due to changes in climatic conditions. Some of the characteristics that are common and acceptable aspects of painted wood include finish breaks, slight recesses, and seam lines at stile, rail, and panel joints. Joint separation may be more apparent on mitered doors; therefore, opaque finishes are not recommended for use in environments of high humidity. Since seam lines and variations are normal characteristics of opaque finishes, they will not be considered reason for product replacement.

* Marsh may substitute select hardwoods for a more consistent painted product *

Painted Alpine in standard cabinet construction will be a white laminated material, both interior and exterior. However, when Plywood is chosen, the interior and exterior components will be clear-coated natural birch veneer unless Finished Interior is chosen. In order for ends to be white on Plywood, Overlay Ends will need to be ordered.

You may be required to sign a FINISH WAIVER FORM when ordering a painted product. Neither Marsh Furniture nor your Marsh dealer can be responsible for these conditions.

CABINET SPECIFICATIONS

A Face Frames

- Constructed of 3/4" kiln-dried select woods grooved to accept the cabinet box
- Joints are mortise and 3/8" tenon construction, glued and secured with steel fasteners
- Base cabinet and the wall cabinet frames have 1-1/2" stiles and rails

B Doors

- Solid wood stiles and rails
- Wood veneer door panels
- Thermofoil Medium Density Fiberboard (MDF) door selections

C End Panels

- Constructed of 1/2" industrial grade particleboard laminated with exterior laminate to match finish; interior is natural maple laminate
- The white door styles are white laminate

Top and Bottom Panels

- Top and bottom panels are 1/2" industrial grade particleboard laminated
- White door styles are white laminate

Back Panels

- Back panels are 1/8" industrial grade medium density fiberboard (MDF) laminated on interior, captured between end panels
- White door styles are white laminated interior

↙ Hanger Rails

- Wall cabinet top and bottom hanger rails are 5/8" industrial grade Medium Density Fiberboard (MDF) secured behind the back panel, captured between end panels

D Shelves

- Shelves are constructed of 5/8" industrial grade particleboard laminated on both faces
- White door styles are white laminate
- The front edges of shelves have PVC edge-banding applied to match interior
- **Base shelves** are 5/8" thick adjustable and half-depth
- **Wall shelves** are 5/8" thick and adjustable in 2.5" increments

E Hinges

- 6-way fully concealed 108° self-closing cup hinges allow easy height (vertical), side (horizontal) and depth (in/out) adjustment
- Soft Close hinges are standard on "Full Overlay Lines"

F Cabinet Interior

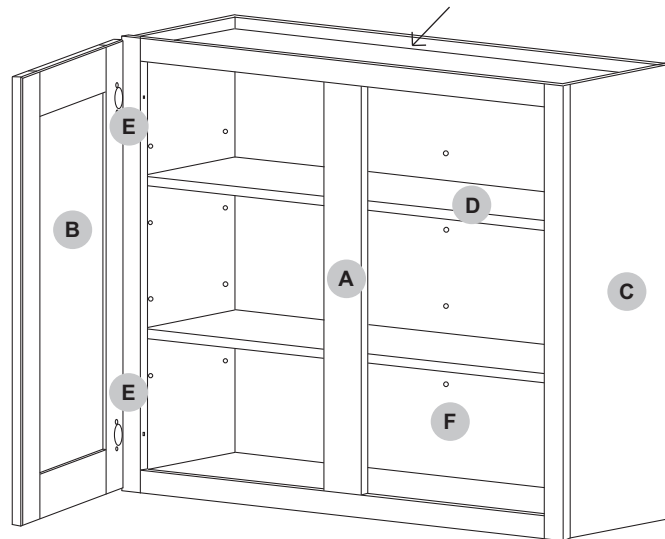

- The standard cabinet interior is a laminate with a natural wood grain print
- A white laminate interior will be used for thermofoil and painted door styles in white
- **Finished Interior Option (FI)** — On wall, base and tall cabinets up to 24" deep, the "FI" option can be selected
- The cabinet interior will be a grain print laminate that matches the finish color
- FI option on glazed cabinets will not be glazed but will match the finish color
- Shelves in cabinets with the FI option will be PVC edge banded to match

G Drawers

- Drawers feature 5/8" particleboard drawer box construction with side-mount, self aligning, epoxy-coated guides and attached to drawer with screws
- Drawer bottoms are 7/32" laminated industrial grade particleboard
- The drawer bottom is fully captured into a groove, positioned 1/2" up from the bottom edge of sides, front, and back
- Drawer guides are certified up to 75 lb.

Upgrade Option (Standard feature on "Full Overlay Lines"):

- 5/8" Wood dovetail drawer box with Full Extension undermount Soft Close guide system (FX)
- Drawer sides, front and back, are constructed of 5/8" solid wood featuring dovetail construction
- Wood drawer bottoms are 1/4" plywood
- Drawer guides are certified up to 75 lbs.

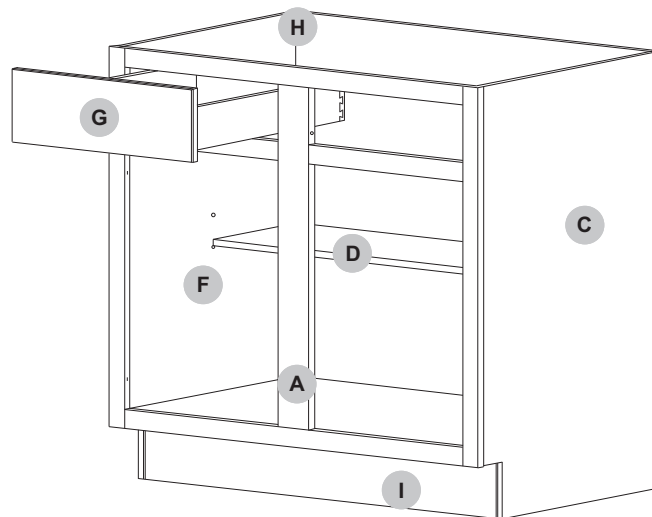

H Base Corner Braces

- Rigid plastic secured with steel fasteners
- Braces are pre-drilled to anchor the countertops

I Toe Kicks

- The toe kick is inset into the cabinet box 3-1/2" and is 4-1/2" high
- Toe kicks are 1/2" unfinished industrial grade particleboard
- To finish the toe kick space, a TK or TP overlay is required (page 5.17)

— Options available are listed under each cabinet

CASE OPTIONS AND SPECIFICATIONS FOR PLYWOOD CABINETS

Plywood Construction (PC)

Available on Wall, Base/Vanity, Tall

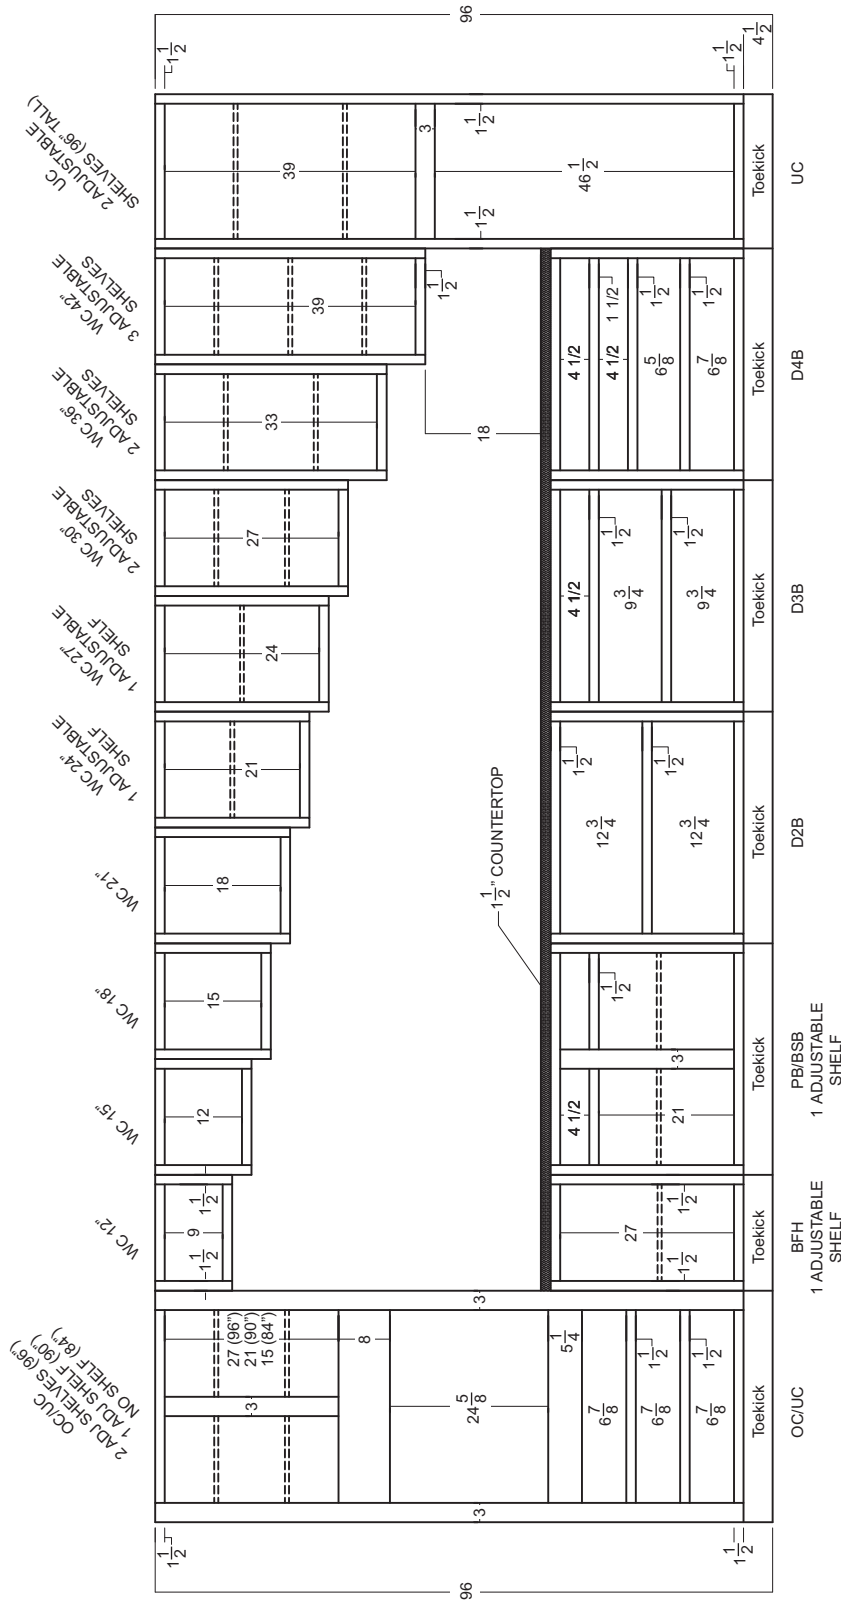

- ◆ Toe kick is 1/2" plywood
- ◆ 1/2" plywood sides
- ◆ 7/32" birch veneer backs
- ◆ 3/4" plywood shelves for Walls
- ◆ 5/8" plywood shelves for Bases
- ◆ Interior will be clear-coated, natural birch veneer
- ◆ Overlay Ends (OE) can be ordered if a flushed end is desired. See page 5.02.
- ◆ Finished Ends need to be ordered to match the cabinet finish where ends are exposed using Oak/Maple/Cherry veneer.

Reference Modifications Table on Page 0.27

Features:

- ◆ Cabinet interior is laminate with a natural maple grain pattern. White interior will be used on Fairmont and Alpine cabinets. Note, when ordering Fairmont and Alpine in Plywood, interior will be natural maple unless ordered with Finished Interior.
- ◆ Hinges are fully concealed 6-way adjustable.
- ◆ Hinging must be specified left or right for Arch door styles.
- ◆ Right-hand hinging standard on single door cabinets.
- ◆ Please refer to Cabinet References (pages 0.09-0.18) for decorative hardware requirements.
- ◆ Soft Close integrated hinge on Full Overlay lines.

Options:

Available options are noted beside each cabinet.

- ◆ Depth Change: A reduction in 3" increments with 6" being minimum depth allowable. Cabinets may be increased in 3" increments up to a maximum depth of 24".
- ◆ No Doors: Finished interior is not included standard in this option.
- ◆ Finished Interior: Glazed cabinets will not have a glazed interior.
- ◆ Applied Overlay Ends: Use an Overlay End to flush out an end. This is required when applying a decorative door.

Additional Notes on Glass and Mullion:

- ◆ Arcadia, NorthBrook, Brunswick, Apex, Wilmington, Arlington, Wentworth and Trenton are not available in Mullion Doors.
- ◆ Fairmont and Apex not available in Glass Doors.

Reference Modifications Table on Page 0.27

Features:

- ◆ Cabinet interior is laminate with a natural maple grain pattern. White interior will be used on Fairmont and Alpine cabinets. Note, when ordering Fairmont and Alpine in Plywood, interior will be natural maple unless ordered with Finished Interior.
- ◆ Hinges are fully concealed 6-way adjustable.
- ◆ Right-hand hinging standard on single door cabinets.
- ◆ Arch door styles not available in base cabinets.
- ◆ Drawer cabinets with a reduced depth of more than 18" will receive a false drawer front unless upgraded to FX.
- ◆ Standard cabinet has a 3/4 extension, particleboard drawer. Plywood Cabinet (PC) has a 3/4 extension, plywood drawer as standard.
- ◆ Shelves are half-depth; installed at middle position.
- ◆ Cabinets have unfinished toe kick. A Toe Kick (TK) or Toe Plate (TP) must be ordered to finish.
- ◆ Please refer to Cabinet References (pages 0.09-0.18) for decorative hardware requirements.
- ◆ Soft Close integrated hinge on Full Overlay lines.

Drawer Upgrade Option:

- ◆ FX: Wood dovetail drawer; Full Extension with Soft Close slide (add/subtract \$92 per drawer to list).
- ◆ FX: Can accommodate cabinet depth of 12" deep.
- ◆ FX: Standard in Full Overlay lines

Options:

Available options are noted beside each cabinet.

- ◆ Depth Change: A reduction in 3" increments with 6" being minimum depth allowable.
- ◆ No Doors: Finished Interior is not included standard in this option.
- ◆ Finished Interior: Glazed cabinets will not have a glazed interior.
- ◆ Applied Overlay Ends: Use an Overlay End to flush out an end. This is required when applying a decorative door.
- ◆ Bottom Drawers: Check Options Chart beside cabinet for availability.

Reference Modifications Table on Page 0.27

Features:

- ◆ Cabinet interior is laminate with a natural maple grain pattern. White interior will be used on Fairmont and Alpine cabinets. Note, when ordering Fairmont and Alpine in Plywood, interior will be natural maple unless ordered with Finished Interior.
- ◆ Hinges are fully concealed 6-way adjustable.
- ◆ Right-hand hinging standard on single door cabinets.
- ◆ For Oven Cabinets (OC), standard drawer is 3/4 extension particleboard drawer; plywood is 3/4 extension plywood.
- ◆ Bottom doors will not be Arch door style.
- ◆ Shelves are full depth.
- ◆ Cabinets have unfinished toe kick. A Toe Kick (TK) or Toe Plate (TP) must be ordered to finish.
- ◆ Please refer to Cabinet References (pages 0.09-0.18) for decorative hardware requirements.
- ◆ Specify LH or RH when ordering Arched styles in single door cabinets.
- ◆ Soft Close integrated hinge on Full Overlay lines.

Drawer Upgrade Option:

- ◆ FX: Wood dovetail drawer; Full Extension with Soft Close slide (add/subtract \$92 per drawer to list).
- ◆ FX: Standard in Full Overlay lines; refer to Cabinet References (pages 0.09-0.18)

Options:

Available options are noted beside each cabinet.

- ◆ Depth Change: A reduction in 3" increments with 6" being minimum depth allowable.
- ◆ No Doors: Finished interior is not included standard in this option.
- ◆ Finished Interior: Glazed cabinets will not have a glazed interior.
- ◆ Applied Overlay Ends: Use an Overlay End to flush out an end. This is required when applying a decorative door.
- ◆ Bottom Drawers: Check Options Chart beside cabinet for availability.

Reference Modifications Table on Page 0.27

Features:

- ◆ Cabinet interior is laminate with a natural maple grain pattern. White interior will be used on Fairmont and Alpine cabinets. Note, when ordering Fairmont and Alpine in Plywood, interior will be natural maple unless ordered with Finished Interior.
- ◆ Hinges are fully concealed 6-way adjustable.
- ◆ Vanity cabinets are 31-1/2" high standard and 34-1/2" high for Base Height (BH).
- ◆ Right-hand hinging standard on single door cabinets.
- ◆ Arch door styles not available in vanity cabinets.
- ◆ Drawer cabinets with a reduced depth of more than 18" will receive a false drawer front unless upgraded to FX.
- ◆ Standard cabinet has a 3/4 extension, particleboard drawer. Plywood Cabinet (PC) has a 3/4 extension, plywood drawer as standard.
- ◆ Cabinets have unfinished toe kick. A Toe Kick (TK) or Toe Plate (TP) must be ordered to finish.
- ◆ Please refer to Cabinet References (pages 0.09-0.18) for decorative hardware requirements.
- ◆ Soft Close integrated hinge on Full Overlay lines.

Drawer Upgrade Option:

- ◆ FX: Wood dovetail drawer; Full Extension with Soft Close slide (add/subtract \$92 per drawer to list).
- ◆ FX: Can accommodate cabinet depth of 12" deep.
- ◆ FX: Standard in Full Overlay lines.

Options:

Available options are noted beside each cabinet.

- ◆ Depth Change: A reduction in 3" increments with 6" being minimum depth allowable.
- ◆ No Doors: Finished interior is not included standard in this option.
- ◆ Finished Interior: Glazed cabinets will not have a glazed interior.
- ◆ Applied Overlay Ends: Use an Overlay End to flush out an end. This is required when applying a decorative door.
- ◆ Bottom Drawers: Check Options Chart beside cabinet for availability.

WOOD SURFACES

For normal cleaning use a clean soft cloth dampened with a mild solution of two drops of dishwashing liquid per one gallon of water.

Dry off thoroughly, removing any excess moisture.

DO NOT USE STRONG DETERGENTS, SOLVENTS, OR ABRASIVE CLEANERS.

Do not use a dish cloth on cabinet surfaces.

THERMOFOIL AND MELAMINE SURFACES

For normal cleaning use a clean soft cloth dampened with a mild solution of two drops of dishwashing liquid per one gallon of water.

Dry off thoroughly, removing any excess moisture.

DO NOT USE STRONG DETERGENTS, SOLVENTS, OR ABRASIVE CLEANERS.

Do not use a dish cloth on cabinet surfaces.

All **non-abrasive** household cleaners may be used. Examples: Simple Green, Formula 409, etc.

When using a self-cleaning oven, opening all the adjacent doors and drawers or using heat shields is recommended. This is to help prevent damage and discoloration of the cabinets.

MOISTURE FROM STEAM AND HOT WATER PRESENT IN KITCHENS SHOULD BE KEPT OFF OF ALL CABINETS. IF CABINETS DO GET WET, DRY THEM BY WIPING WITH A CLEAN SOFT DRY CLOTH TO MAINTAIN FINISH.

NOTE: When using the self cleaning oven function, it is best to remove the drawers/doors from the adjacent cabinet(s) and oven cabinet.
